RE: COUNTY PRESENTATION

Dear Friends:

We hope that your county YF&R has had a very successful year. This year, we are planning on having a County Presentation on Saturday, December 7, 2019 during the State Convention at the **Embassy Suites Hotel in Franklin**. We want to encourage you to begin getting your pictures together. Pictures can be of county meetings, district meetings, cookouts, farm days, safety projects, etc. The top five counties will receive a plaque for participation, which will be presented at the State Young Leaders Conference.

The "Purpose and Guidelines" and entry form for the County Presentation are posted on the Farm Bureau website at www.tnyfr.org.

A Presentation is required for a county to receive a top five county activity cash award at the next State Young Leaders Conference. The presentation is limited to **five (5) pictures and a two-minute time limit**.

We need you to **e-mail five (5) high quality digital (jpeg) pictures** to Chris Fleming at cfleming@tbf.com by **November 15, 2019**. Chris will develop the pictures into a Presentation and he will have them all put together when you get to the convention. You may also prepare your own County Presentation. Please send your CD to Chris Fleming at Tennessee Farm Bureau, Special Programs Division, P.O. Box 313, Columbia, TN 38402-0313 by **November 15**.

PURPOSE OF COUNTY PRESENTATION

The purpose of the County Presentation is to show the activities and events that a county has been involved in for the past year. This is a cumulative picture presentation beginning with State Convention in December of 2018, running throughout the year including Young Leaders Conference, Young Farmers Conference, and ending with the 2019 State Convention. A County Presentation should also include county meetings, district meetings, cookouts, farm days, safety projects, etc.

This project should be used as a learning experience by interchanging ideas between counties about their activities and projects.
